

**THURSDAY:
RNC RESEARCH TO RESPOND LIVE TO
WHITE HOUSE HEALTH CARE SUMMIT**

www.GOP.com/LiveResponse

The RNC Research Department will be doing a live online response during the White House health care summit on Thursday, February 25, at www.GOP.com/LiveResponse.

We will offer real-time fact-checking of the claims made by President Obama and Congressional Democrats regarding health care reform, and will promote ideas from both House and Senate Republican leaders to lower costs, improve quality and increase access.

We'll be starting the live response at 9:30 AM Eastern time (30 minutes before the summit is scheduled to begin) so that voters across the country can interact with us throughout the day. This is also your chance to be a part of the health care summit and ask questions or provide comments about health care reform.

Please tune-in this Thursday, February 25 at 9:30 AM at www.GOP.com/LiveResponse.
